

Real-time Credit Intelligence with Portfolio Analyzer.

Stay on top of emerging risk.

Quickly access insightful analysis of your institution's credit portfolio and individual loans. IntelliCredit has done all the hard work so you can bring credit intelligence to your team.

Contact us for a walkthrough. We're happy to share more.

See how Portfolio Analyzer is a great companion to our Smart Loan Review™ solution or powerful all on its own. You can manage the uploads of your core system data, or we can automate for you.

Portfolio Analyzer: Real-time Analysis to Detect Risk Early

Now you can more easily spot and analyze troubled credits by loan types, industries, collateral, etc. to get ahead of risk. No more struggling to create reports from your core loan system. Portfolio Analyzer delivers trends and loan insights on demand. Examples?

- Emerging risks indicated by loan grade migrations
- Risk trends by product type, lender, industry, etc.
- Portfolio industry concentrations and correlated exposures
- Risk migrations to ascertain emerging risks
- Pricing anomalies and related risk in particular risk grade categories
- Push-button Board and Management reporting

Benefit From:

- *Huge time savings*
- *Reductions in losses*
- *Drill-down capabilities all the way to individual loans*
- *Push-button Board reports*
- *Powerful custom report builder*
- *Affordable, practical technology*
- *Unlimited users, one subscription*
- *Secure cloud-based platform, no integration*

“This analytics tool is **intuitive, informative and engaging**. It **dives deep** into our loan portfolio and **drills down** into a specific loan, loan concentration, market area or loan officer. **Immensely useful** for strategic planning”

—Ronnie Bridges, CEO, First National Bank of Tom Bean
